Market Site and Hours

The market location is 100 W. Pike Street. It will be blocked to all traffic 2 hours before the market begins and 2 hours after the market closes. The hours for the 2017 market will be 8 am to 12 pm beginning April 29, 2017 and ending for the season on October 28, 2017.

II. Market Spaces

Each vendor is allowed a space up to 12' wide x 12' deep. Assigned, reserved spaces are available for \$60/space for the season. Reserved space vendors are expected to participate in the Market a majority of Saturdays. Non-reserved spaces for a specific number of Saturdays are \$10/day. All vendors, regardless of number of days at the Market are required to have proper certifications and licenses. Reserved spaces may not be "sublet".

III. Booth Requirements

No set up before 6 am, but must be completed before the market opens at 8 am. If you arrive after the market opens, you will not be allowed to drive into your space. Latecomers must park their vehicle offsite and carry items to their space. Vendors must supply their own canopies/popups, tables, chairs, bags, or anything else needed to sell their products. **NO** stakes may be driven into the pavement. Any vendor using a canopy/popup must have 25# weights on each corner. All umbrellas must be weighted and secure. If you require electricity, please note this on your application/contract. Vendors must provide their own power cords.

IV. What May Be Sold

Quality grown local products including but not limited to: Fresh produce such as vegetables, fruits and herbs, plants, flowers, potpourri, maple syrup, and ground grains. Animal products such as meat, poultry, eggs, honey and cheese. Processed foods such as baked goods, jams, jellies, prepared foods, and packaged foods. Live plants, seedlings, and cut flowers. **51% of these products must be local AND vendor-produced. Local is defined as produced within the State of Indiana.** Any item not raised in Indiana must be identified as such.

NOTE: Meat, eggs, baked goods, and packaged or processed food items must be produced, packaged, labeled, and marketed in accordance with state and federal regulations. Any container plant must be either propagated by the vendor or grown to maturity for a minimum of six weeks. Anyone selling perennials must have a nursery license.

Crafts must be original in design and handcrafted by the vendor or vendor's family. All crafts being sold at the market must be juried before being considered for the market. Craft vendors will provide a detailed description along with clear photos of their products. This also applies to produce or meat vendors wishing to include crafts in their booth. If you sold an approved item last year, you do not need to submit that item again for approval; however any new items must be submitted for jurying.

Any establishment preparing food at the market must make sure grills and smokers are not within reach of customers. Any smoker or grill already lit may not be left unattended at any time. In accordance with state code, a fire extinguisher must be present.

Any vendor selling produce must have their produce displayed no less than 6" from the ground per state law. If you are selling produce a sign must be on display stating that the produce is not ready for consumption, and must be washed first.

No resale or flea market items allowed whether new or used.

V. Vendor Responsibilities
